

## ENGINEERS IN WEST ALMOST UNANIMOUS TO START A STRIKE

Brotherhood Put It Up to  
Companies to Increase Pay  
or Face Walkout.

NEW YORK, April 12.—That the sentiment of the engineers on all the railroads in the territory east of Chicago and north of the Ohio river is practically unanimous for a strike and that the proposition of granting the wage demands or facing a walkout has already been put up to the companies was the announcement today of Grand Chief Engineer Warren Stone, of the Brotherhood of Locomotive Engineers.

Stone said the counting of the ballots of the engineers was finished today, and that 81 per cent of the complete strength of the organization on all of the great Eastern trunk lines had authorized their general officers to call a strike at any time they deemed such action necessary.

As soon as the vote count was complete, Stone wrote to J. C. Stuart, chairman of the board of managers, notifying him of the position assumed by the men, and asking if the railroads wanted to make any counter-proposition. He warned Stuart that the officers of the brotherhood can now order the strike at a moment's notice and then said that the men will wait until next Monday, April 15, for a reply before taking any further action.

While the situation is admittedly grave it is not hopeless. The railroads have anticipated the vote, and they are expected to invoke the Erdman arbitration act to prevent the threatened strike. The men, however, insisted today they had thoroughly canvassed the situation, and that they would not accept any proposition that did not carry with it a substantial increase of wages.

Stone and his associates are confident they will have the support of the Brotherhood of Locomotive Firemen and Engineers in case of a strike. The organization has recently presented demands to railroads asking increased wages, extra benefits on hard runs, numerous concessions and they, like the engineers, have announced, if their demands are not granted, they will strike.

## REMARKABLE SWORN STATEMENT OF A NEW BRUNSWICK DRUGGIST

Have sold your Swamp-Root for twenty-eight years and have known its valuable curative qualities for the past twenty years. For kidney, liver, and bladder troubles, I have never known a single case where it has failed to relieve and cure. Right in my own household Swamp-Root cured my wife of catarrh of the bladder, while it cured me of liver and bladder troubles.

Numerous cases have come under my personal observation, which has made me very enthusiastic about recommending Dr. Kilmer's Swamp-Root to anyone suffering from kidney, liver and bladder troubles, and I have the greatest confidence in its merits. Have never heard any customers who have given Dr. Kilmer's Swamp-Root a trial speak of it but in the highest terms.

Yours respectfully,  
JOS. F. BRADLEY, Druggist,
